Suffragists Say The Liquor Interests Their Big Enemy

MRS. O. A. CRITCHETT, El Paso's delegate to the Texas Equal Suffrage convention at Waco, brings back some interesting items from the meeting, which she has embodied in a report to the El Paso league.

One of the keynotes of the meeting was that prohibition and suffrage go hand in hand, the point being made by women speakers that the organized brawery and saloen interests in Texas have been fighting suffrage because of their fear of the vote of the women in prohibition matters.

Mrs. Critchett was made a member of the committee on resolutions and was prominently identified with the state meeting.

Hair loss in most cases is due to dandruff. Herpicide eradicates this hair destroying contagion and prevents the hair from coming out.

Mr. Remington is one of the best-known men in the State, having been for 21 years in the State House in Boston as Senate Doorkveper and Sergeant-at-Arms.

He says he had annoying symptoms about his heart, stomach and digestive organs. His old friend, Senator George E. Putnam, of Lowell, urged him to take a course of Hood's Sarsaparilla and Peptiron Pills, which he did, and now,—'I never felt better in all my life I can walk from my house down town and back, 14 miles each way.'

These medicines are obtainable from every druggist. Why not begin this sensible treatment yourself to-day!—Adv.
